**Dear Nello & Sandy**

**I would just like to say a huge thank you for doing my hair and make up so beautifully on my wedding day. I knew after my hair trial that I had made the right choice and this put me at ease and helped make the wedding morning enjoyable and stress-free. I loved how the end result was so elegant. I was so impressed how my makeup remained flawless all day...even after a few tears at the town hall! I would definitely recommend your services and thank you again for helping to make my wedding day so perfect!**

**Best wishes,**

**Kimberley**
