

**Dear Nello**

**Thank you for your email and for your part in making my wedding day so special. I was really pleased with my hair, you really did make me feel like a queen! Michael my son said I looked like cinderella going to the ball! We all really appreciate the service you provided on the wedding day. All of my guests loved their hair and commented how friendly you were. Thanks also for putting gel in Michael's hair, he said his hair was cool! I will post my feedback on Marco's website when we get our photos from Stefano.**

**Thanks again**
