

Dear Nello & Sandy,

Thank you for your email and sorry for the delay in replying to you. It has been a busy couple of weeks since our return from Cortona but we are now both back to work and unfortunately back to reality.

Thank you both so much, I know we had some small problems with translation to begin with but you were so friendly and such professionals that this did not worry me at all. Both my hair and make up was beautiful and perfectly suited my dress, I couldn't have been happier. My Mum was also very pleased with her blow dry.

A couple of our very young guests commented that I looked like a princess and I certainly felt like one, also my husband shed a couple of tears when he first saw me at the town hall, so thank you once again for a fabulous job.

We will soon be writing a testimonial for Marco and I will certainly recommend your services to everyone who books with RIW.

Thanks to everyone involved we and our guests had the most amazing day which none of us will ever forget!!

Kindest regards

Esther
