

Dear Nello,

I wanted to thank you so much for the incredible job you did on my wedding day hair style as well as my bridesmaids, who also were extremely pleased.

I emailed you about 2 weeks before the wedding to see if you were available because my hairstylist from home had to cancel at the last minute, due to an illness. You immediately responded and made me feel completely at ease when you wrote you were available for any needs I may have. I was appreciative and thankful for that.

The test at your salon was a wonderful experience. It was the day before the wedding and I had a picture from a magazine to show you how I wanted my hair. When I arrived, I was a little stressed out, but when I sat in the chair and we talked and you began the test style, I remember telling my sister that this was the most relaxed I had felt all week! You were able to replicate the hairstyle perfectly both at the hair trial and, of course, the wedding day and I walked out the door with curly hair to enjoy the rest of the day!

On the day of the wedding, you generously gave us a bottle of Prosecco when you arrived, which we appreciated!

My bridesmaids chose not to have test styles done, and you styled their hair beautifully exactly how they had envisioned and all of our hairstyles lasted the entire day and night!

I can say my hair looked better than the picture! You put the veil and tiara in and I felt like a princess. It is truly the best my hair has ever looked in my life, and I am thankful for all the hard work you put into it. You are an incredibly talented stylist!

The service you provided was outstanding, and your presence was very calming and comforting on a very busy morning. Thank you so much for helping to make us look wonderful on the wedding day!

Sincerely,
Jennifer Talleff
