Hi Nello

I have been meaning to contact you since we returned from our honeymoon.

I just wanted to say a massive thank you to you and Sara for making our wedding day so magical. Sara did such an amazing job on our make up on the day and she was a real pleasure to be around on the morning of the wedding. She is a true artist! Our make up lasted all day, in that heat too. She made us all feel like a million dollars. Please pass on my biggest thanks to her.

Also Nello I wanted to also thank you for that day that my Mum and I came over to your salon for the make-up trial. In all that pouring rain my Mum was soaked and you washed and styled her hair. Well Nello, my Mum loves you. She said her hair has never looked so amazing and was singing your praises to everyone she spoke to. I've never seen her smile so much as when she was sat in your chair! She wants to bring you back to the UK!! Thank you for making my mum so happy!

If anyone I know decides to get married in Tuscany I won't hesitate to pass on your details, so long as you don't mind.

Grazie, grazie mille x
