

Dear Nello

Just a note to say thank you so much for the beautiful hair you created for our wedding day. If you could also pass our thanks onto Paula for the gorgeous make up that would be much appreciated.

I must admit I was nervous getting my hair and make up done by strangers but after accommodating me on the exact day I wanted to come for a trial and the professionalism you showed soon assured me that I should have no worries. My hair and make up could not have been more perfect and my sister, mother and mother in law were so pleased with their looks! You made my wedding morning so enjoyable and blended in with all of the goings on so perfectly. The Prosecco was also a lovely surprise!

Thank you again for such wonderful service and for your great talents. I am so grateful.

Take care

Laura Morris xxx
